SKOWHEGAN AREA HIGH SCHOOL SUMMER PROGRAM

In order to encourage participation in summer school programs, to reduce the number of students repeating courses during the regular school year, or to provide additional opportunities beyond those normally available during the school year, the Board of Directors endorses the concept of providing summer school courses at Skowhegan Area High School.

The program will be self-supporting. No district funds will be required.

Courses will be developed by individual teachers or departments and submitted to the principal during the Spring so that any necessary state approvals may be obtained.
